

## Disclaimer

I the undersigned confirm that I am happy to be a model for training purposes. I understand that as a model the treatment may not be as good quality as it would be as performed by a fully qualified therapist and therefore I am receiving this treatment at a discounted rate (or free). I also understand that photo's may be taken of myself & the treatment and that they may be uploaded to social media such as Facebook & our website.

I understand that is my responsibility and not that of Emz academy or the therapist carrying out the treatment. Emz academy will not be held responsible for any allergic reactions or adverse reaction sustained as a result of the treatment received. If I have any concerns following the treatment I will contact the teacher to discuss afterwards, but I understand **removals will be charged**.
